DISCLAIMER

I give consent for my child to participate in the programme activities. I understand that there are risks associated with my child/ren participating and I accept that, to the extent permitted by law, the programme management and staff will not be liable for accidental injuries (and any associated losses) which can occur, especially when children are involved in active play. To minimise the risk of accidents, the programme has safety procedures, including rules and boundaries for children's behaviour, that will be consistently applied. While extensive risk management procedures have been put in place, Conscious Kids firmly believes that the benefits associated with some risk-taking activity far outweigh the risks and so children will be allowed to climb trees¹, use loose materials for building, explore areas with water, swim², and play physical games such as full tackle bullrush. Please note NO activity will be compulsory and children will need to give their own verbal consent that they wish to take part.

Conscious Kids Ltd reserves the right to cancel or withdraw any child from any activity where the terms and conditions have not been complied with or for safety reasons. I understand this philosophy and give consent for my child/ren to take part.
